9 OCTOBER 2005

05-235

COMMISSOR  
F.C.C.

IN REFERENCE TO THE NPR ON ELEMENTING THE  
MORCE CODE RADIO TELEGRAPHY REQUIREMENT FROM  
THE AMATUER RADIO SERVICE, I AM NOT IN FAVOR OF.

THE MORCE CODE 5 W.P.M. REQUIREMENT TO OPERATE  
ON THE AMATUER RADIO BANDS BELOW 30MHZ IS A GOOD  
DICPLINE.

THERE ARE MANNY TIMES UNDER ADVIRSE CONDITIONS  
WHEN MORCE CODE TELEGRAPHY MODE, GETS AMES-  
SAGE THROUGH, WHEN OUTHER MODES WILL NOT!

ITS TRUE THAT MODERN DIGITAL COMPUTER RADIO  
SYSTEMS ARE VERRY RELIABLE; BUT THERES SYSTEMS  
CAN AND DO FAIL. IF ONE DOES NOT KNOW BASIC MORCE  
CODE, WHEN OUTHER MODES FAIL, YOU WILL BE AT A LOSS TO  
TRANSMITT THE MESSAGE!

I WOULD LIKE TO KEEP THE 5 W.P.M. MORCE CODE REQU-  
IREMENT FOR AT LEAST THE AMATUER EXTRA LICENCE.

RESPECTFULLY YOURS,  
AND GOD BLESS YOU,  
FRANCIS K. DILL JR

*Francis K. Dill Jr*
